NOTES TO PATRONS

In case of fire - throw this in

Due to unsavoury scripts and heavy censorship the duration of the Revue will be thirty minutes with a two hour break for interval.

Gentlemen: For your convenience! Please place your bottle requirements with the doorman BEFORE 8.30 p.m. as the management wishes to obtain supplies from Claude's before interval.

Ladies: For your convenience!.....
.....first turn on the left.

We would like to welcome our Prime Minister Mr. Menzies, who is making a short visit to Australia for his election. We hope the visit won't be too tiring for our beloved Prime Minister, who, after all, is getting a bit long in the chin.

OBITURARY: It is with deep regret we note the passing of South Africa. Our Mr. Menzies was with South Africa on her deathbed. We offer our condolences to her relations and family. "Requiascat in Pace".

THE 1961 MARBLE CHAMPIONSHIPS.

The heats were run late last week and six 5th Year Students made the final which was being played in front of the new gymnasium. Unfortunately, after five had been eliminated the remaining competitor, Johnny Kompononi, was caught playing by a member of the Staff who forced him to stop playing as he was scared that the competitor might break the Library Windows. Bad luck John. Next year when we hope to be able to stage the championships in the Gymnasium.

SPORT NOTICES

MARBLE CHAMPIONSHIPS (see Elsewhere)

FOOTBALL.

6th XV The coach informs us that he has a team of giants this year and should take the competition. The tallest is four feet and the forwards average 3 stone. Good luck boys.

5th XV Report for publication later

4th XV Last Wednesday, we played Cleveland Street. We played extra well, holding the opponents in their 25 for 2/3rds of the match and the scores are hardly a true indication of how the match went.....we lost 42-nil.

.....

Our Special Correspondent tells us that some students are not wearing their night-cyclist sox in the new wing. We hasten to remind these students that due to insufficient lighting in this part of the school that these sox are the only way of avoiding nasty accidents.

LETTERS TO THE EDITOR

Education Dept.

Dear Sir,

I wish to have this brought to the attention of the Staff, It has been reported to my department by many mothers transporting their children home from school that teachers have been thumbing lifts home from work. Now I can fully understand that the transport here being poor that the teachers have no other means of getting home. But I am forced to say that this practice must be stopped. Any teacher caught doing so in future will be severely dealt with.

sgd. Chief Education Dept.

Our Thought for The Week

When you are driving home: Take
it easy — or any other way you
can get it.
